

# Make A Paper Lantern

Supplies:

1- 6 x 9 paper

1- skinny strip of paper

Scissors,  
glue stick

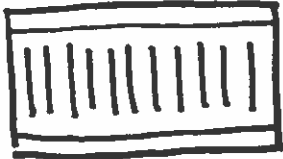

① FOLD a half inch border along the longer sides of your 6 x 9 sheet. This will be the outside side of your lantern

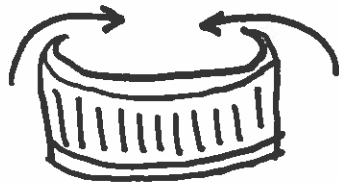

② Flip the paper over & fold it in half the long way (borders should be on the outside)

④ open and glue ends together.

outside of lantern

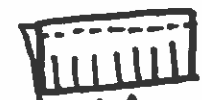

fold inward

and glue

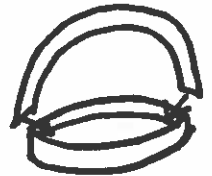

fold ↗

③ cut proportional lines towards the border (cut up the folded crease)

cut proportional lines towards the border (cut up the folded crease)

⑤ Glue the skinny strip of paper to the inner part of the lantern to create a handle

So cute.

You are FINISHED!
